

ISET

CAREERS SA

GETTING YOU SET FOR THE FUTURE

RATECARD 2018

TARGET AUDIENCE:

- Grade 8-12 learners
- Principles & Deputy Principles
- Mathematical, Physical Science and Life Orientation Teachers, ICT Educators
- Office of the MEC for Education in each province
- Provincial Education Departments, South African Principles Association (SAPA); South African Democratic Teachers Union (SADTU); the South African Association of Science and Technology Educators (SAASTE) and the Association for Mathematics Education of South Africa (AMESA) members.

ISET Careers SA is a leading-edge online education solution, created to help equip Grade 8 - 12 learners for careers in the new knowledge economy. The digital publications are designed to educate, inspire, and motivate learners about scientific career guidance additionally providing a comprehensive platform to assist and lead learners to be impassioned about Innovation, Science, Engineering and Technology (ISET). The magazine's intention is to encourage learners to begin early in seeking out ways to explore scientific careers, make informed decisions about their future and enable them to fulfill their dreams and aspirations.

EACH ISSUE OF ISET CAREERS SA IS DISTRIBUTED DIGITALLY THROUGH THE DEPARTMENT OF BASIC EDUCATION'S - (DBE) CLOUD, TO ALL PUBLIC AND PRIVATE, SECONDARY SCHOOLS THROUGHOUT THE COUNTRY.
